

A CENTURY OF STRENGTH: INSPIRING GENERATIONS.

Dear First Lady _____:

I am writing to you as a member of the Ukrainian National Women's League of America (UNWLA). UNWLA is the oldest Ukrainian women's organization in the United States, having celebrated our 100th anniversary in 2025. We are currently in the midst of our signature campaign, Children Praying for Children, joining together with all communities of faith across the country to draw attention to the plight of Ukraine's children during war and to support Ukraine as she defends herself and western democracy against russian aggression. This campaign calls on all children in our broader communities to come together to pray for the children of Ukraine—those who have suffered injury and displacement during war and especially, those who have been abducted by russian troops and forcibly transferred to russian territory. Children Praying for Children events will be taking place across the country this year.

In the continued spirit of this campaign, I respectfully ask that, as First Lady of the state of _____, you launch an initiative state-wide for a Day of Prayer and Remembrance for Ukrainian Children. While the plight of Ukrainian children is particularly meaningful to our Ukrainian community, we believe that the wellbeing of children is one that resonates with each and every one of us, throughout our various and distinct communities. Your powerful voice would ensure that these children are not forgotten and that they will be restored to the safety, security and loving embrace of their families.

Thank you for your consideration. Please let me know if you have any questions.

*Respectfully,
[your contact information]*
