WOUNDS OF WAR, HANDS OF HOPE

THE UNWLA EMERGENCY MEDICAL AID CAMPAIGN

SINCE FEBRUARY 2022, UKRAINE'S HOSPITALS HAVE FACED A MEDICAL CRISIS WITH NO END IN SIGHT. TRAUMA CENTERS IN DNIPRO, KYIV, VOLYN, AND ZHYTOMYR ARE TREATING WOUNDED SOLDIERS AND CIVILIANS WITH LIFE-THREATENING INJURIES — AND THEY NEED A STEADY, UNINTERRUPTED SUPPLY OF CRITICAL MEDICAL EQUIPMENT TO DO IT.

WE ARE RAISING FUNDS TO PUT LIFE-SAVING SUPPLIES DIRECTLY INTO THE HANDS OF UKRAINE'S MEDICAL TEAMS.

WOUND VAC MACHINES

Purpose-built systems that use negative pressure to close wounds from within, remove fluid, and accelerate recovery

WOUND VAC INDIVIDUAL SUPPLIES

Sterile, single-use components required for every patient, every treatment

EVERY GIFT CONTRIBUTES TO OUR \$450,000 GOAL TO FULLY SUPPLY TRAUMA CENTERS IN FOUR HOSPITALS ACROSS UKRAINE.

DNIPRO

KYIV

ZHYTOMYR
