SCRIPT FOR THE CALL:

Hello! My name is [-----] I live in {----}, my zip code is [-----].

I am asking you to support and vote for aid for Ukraine. It is vital for Ukraine and for the US security.

This issue is important to me and may affect my vote at the next elections.

KEY TALKING POINTS

We ask you to encourage Speaker of the House to take bill with Supplemental funding for Ukraine for a vote . This assistance is vital for Ukraine and can not be delayed any further.

Ukraine's defeat will be irreversible, leading to further destabilization that could have lasting consequences for the region and beyond.

I urge (Congressperson name) to approve supplemental appropriation for Ukraine aid. If Congress fails now, future generations will blame both parties for abandoning Ukraine.
